2. [REDACTED] On the basis of information provided by the [REDACTED] of DDP, I advised George Murphy, on the staff of the Joint Committee on Atomic Energy, that we had been unable to identify a report answering the description which he gave me on Wednesday. I added, however, that we did have several newspaper items covering Soviet complaints that the United States was responsible for the breakdown in agreements [REDACTED] for Soviet purchases [REDACTED] 25X1 of certain computers. I told Murphy we would be happy to provide him with copies of these items. Regarding the report Murphy said he would recheck his source of information.

Murphy mentioned that the Joint Committee would hold its organization meeting tomorrow and asked if we could provide him with several dates which would be acceptable to the Director for the annual briefing of the Joint Committee. After checking with the Director's office, I gave Murphy the dates of 24, 23, and 25 February in that order of priority.
